

TORRE.CO - SITE REDESIGN

Day 1 A – 12:00m – 7:00 PM

Wireframe: (First Attempt)

Low fidelity sketch: position and defined alignment of information, icons and graphics will be presented.

I think that the colors are sober, since it has a lot of information and the dark color is restful for the eyes, I propose to increase the gray color to the genome page.

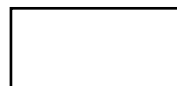

#27292D

#504F4F

#9B9696

#FFFFFF

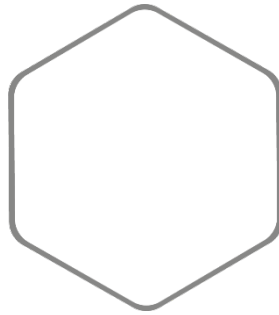

#00bcd4

TORRE.CO - SITE REDESIGN

Typography: Helvetica font family. It continues with the font that the page currently uses.

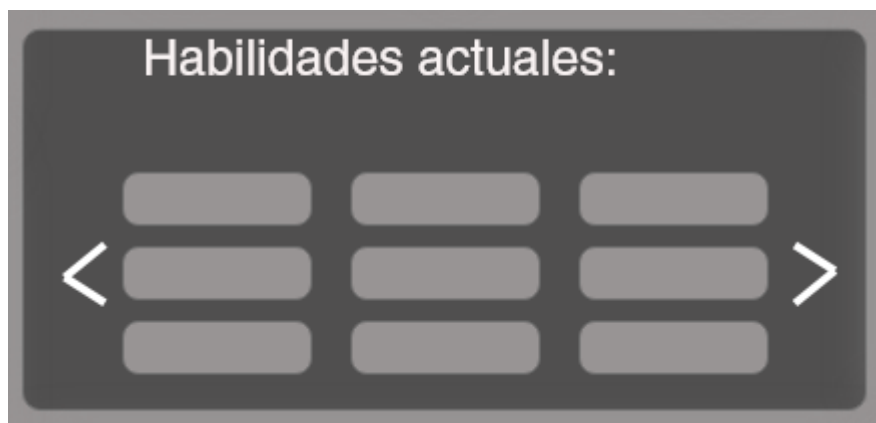

HEXAGONO: I decide to leave this form for the photo, since it takes the human genome as a reference for the new trend of presentation of a job profile or resume.

Day 1 B -03/02/2021 - 8:00 a.m – 12:00 m

PROTOTYPE UPDATE

Propose using some slider to show some information for genome page.

Start to develop high fidelity design

TORRE.CO - SITE REDESIGN

Day 2 A 03/02/2021 - 1:00 P.M – 5:30 P.M

High Fidelity Sketch:

The hi-fi sketch was designed with its information and corresponding icons as shown below.

TORRE.CO - SITE REDESIGN

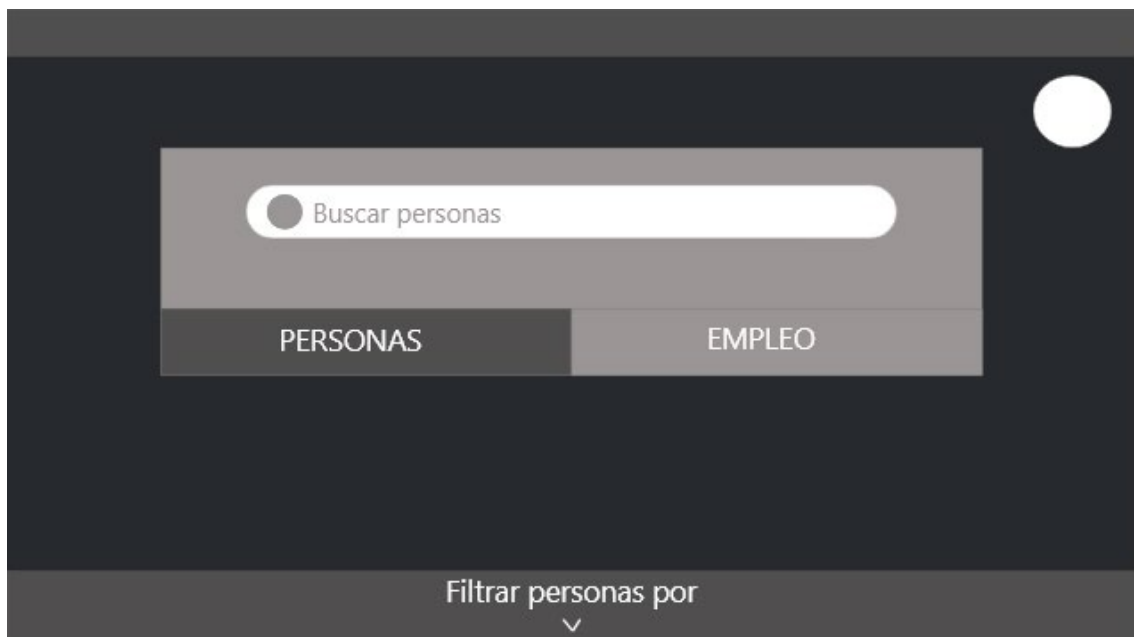

The following color palette was used:

Typography :Font helvetica familia. It continues with the font that the page currently uses.

SEARCH REDESIGN

Low fidelity sketch: position and defined alignment of information, icons and graphics will be presented.
